

# ALKHAIR MAKEEN AHMED

## FULL-STACK DEVELOPER | SOFTWARE ENGINEERING

Istanbul, Türkiye ☎ +90 552 719 8992 | ✉ alkhairabdalgadeer413@gmail.com

### SUMMARY

Software Engineering student and Full-Stack Developer with hands-on experience building modern web applications and user-focused digital products. Strong foundation in JavaScript, React.js, Next.js, HTML, CSS, Node.js, REST APIs, and database integration. Experienced in developing responsive interfaces, dashboards, and scalable software systems from concept to implementation. Passionate about building high-performance applications with clean architecture and intuitive user experiences.

### PROFESSIONAL EXPERIENCE

#### AK SecureTrack — Full-Stack Developer / Project Lead

01/2026 – Present Istanbul, Türkiye

- Designed a GPS-based fleet management platform for real-time vehicle tracking, geofencing, alerts, and fleet administration.
- Designed system architecture integrating frontend, backend, databases, APIs, maps, and real-time communication.
- Developed dashboard concepts for monitoring vehicles, managing fleet data, and improving operational visibility.
- Planned scalable solutions for vehicle tracking, notifications, user management, and fleet administration

#### Front-End Developer

Doha, Qatar .2022 to 2023

- Designed and developed responsive web interfaces using HTML, CSS, and JavaScript.
- Improved website usability, navigation, and responsive behavior across different devices.
- Collaborated with cross-functional teams to translate business and design requirements into functional web experiences.
- Used website performance and user-behavior insights to identify opportunities for improving user experience and engagement.

### EDUCATION

#### Bachelor's Degree in Software Engineering

Altinbas University | Istanbul, Türkiye Expected Aug 2027

- Coursework focuses on software development, programming, databases, web technologies, and software engineering principles.

### TECHICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Responsive Web Design
- Backend: Node.js, Express.js, RESTful APIs, Authentication & Authorization, Server-Side Development
- Database: SQL, MySQL, Database Design, Data Modeling
- Architecture: Full-Stack Development, System Architecture, API Design
- Tools: Git, GitHub, Version Control, API Integration
- Performance: Web Performance Optimization, UI/UX Implementation

### ADDITIONAL INFORMATION

Languages: Arabic: Native — English: C1 — Advanced-Turkish: B2 .

### HOBBIES & INTERESTS

- Technology and software development
- UI/UX design
- AI and emerging technologies
- Problem-solving
- Learning new programming technologies
- Social Networks
